

What

A day camp to focus on areas of the expanded core curriculum:

- Independent Living
- Social Interaction
- Use of Technology
- Self-determination
- Recreation and Leisure

Who

Blind and Low Vision elementary age students.

When

SKILLS Camp is traditionally held during mid-summer. Times and dates to be announced.

Where

SKILLS Camp programs are held on campus locations across the state.

We are looking forward to providing Washington's blind or low vision youth with a week filled with learning, making new friends, renewing acquaintances, and a lot of fun!

Contact DSB Youth Services for more information on SKILLS Camp and other programs DSB for offers you and your child.

Youth Services SKILLS Camp

Curriculum-based
summer program for
elementary students

About SKILLS Camp

The Department of Services for the Blind's Youth Services Program is excited to bring you the SKILLS Camp, teaching independent living skills to young children.

Since 2009, this program has addressed the lack of summer programs available to elementary age children and has been designed to tackle these issues and to address skill areas contained within the Expanded Core Curriculum (ECC)*.

Camp activities are intended to correlate directly to the following areas of the ECC:

- Independent Living
- Social Interaction
- Recreation and Leisure
- Use of Technology
- Self-determination

**Does your child like to learn new skills?
Does your child like to take on challenges?**

***Then DSB's SKILLS Camp
is the place for them!***

If you have (or know) a child or student who would benefit from this experience, please contact the DSB Youth Services Manager.

Enroll your child in SKILLS Camp this summer and they will make memories to treasure!

To learn how to enroll, please contact Janet George at the Department of Services for the Blind.

SKILLS students combine independent living and recreation by exploring a sailboat on Lake Union.

* If you are interested in further information about the ECC, a great explanation can be found at: <http://www.familyconnect.org/info/education/expanded-core-curriculum/23>.
